

## Legacy Minute Weekly Message

### **Pillar 2: Persona**

#### **Just a thought:**

When God walked into your life, His DNA began connecting to your DNA. His life is now growing ever stronger within you.

#### **Scripture:**

John 3:30 He must increase, but I must decrease.

#### **Discussion Questions:**

1. How has your persona changed since you started a relationship with Christ?
2. Can you sense areas that may not have changed yet, but you can tell Jesus is hard at work on them? What are some of those areas?
3. If Christ lives within you, what are practical ways you can become more like Him?
4. What are ways you can allow His graces (compassion, favor, forgiveness, kindness, goodness & love) to shine through you?
5. What people have noticed (or been affected) by your persona since you met Jesus?

#### **Legacy Lifter:**

The kingdom of darkness is not afraid of Jesus in you, its afraid of Jesus coming out of you!
